VR INSTRUCTIONS

- On computer, make sure Oculus program is running
- Open cabinet and take out headset and two controllers
- Stand or move the swivel chair into center of the marked area
- To put on headset, release velcro on sides and lift headphones
- Before you put on the headset, please place a disposable face mask over the ocular part of the headset
- Place over head from back to front and pull velcro tabs and lock in place
- Put one controller in each hand and begin browsing the menu

If you need assistance, someone at the circulation desk can help.
